Transition and Environmental Management
DOE, RFO

INTERAGENCY AGREEMENT (IAG) DELIVERABLE: FINAL DRAFT OPERABLE UNIT (OU)
NO. 3 TECHNICAL MEMORANDUM NO. 1 - RLB-188-93

Enclosed is the Draft Final Technical Memorandum (TM) No. 1 to the Operable Unit (OU) 3 Resource Conservation and Recovery Act (RCRA) Facility Investigation/Remedial Investigation (RFI/RI) Work Plan for transmittal to the Environmental Protection Agency (EPA) and the Colorado Department of Health (CDH). This TM details the proposed air sampling plan and documents changes that occurred during field sampling. The document incorporates comments from EG&G Rocky Flats, Department of Energy/Rocky Flats Office (DOE/RFO) and Department of Energy/Headquarters (DOE/HQ). No scope increases or schedule impacts are expected as a result of this TM.

We are prepared to deliver the required number of documents to the agencies as soon as we receive your official transmittal letter. EPA and CDH have agreed to review the document and meet for a presentation of the wind tunnel field sampling plan on May 5, 1993.

If you have any questions or concerns regarding this document, please contact Michael Guillaume of Remediation Project Management at 966-8557.
